The **2024 47th International Conference on Telecommunications and Signal Processing (TSP)** will be organized online during **July 10-12, 2024**. The TSP 2024 is organized by eighteen universities from Czech Republic, Hungary, Turkey, Croatia, Taiwan, Japan, Slovak Republic, Spain, Bulgaria, France, Romania, Slovenia, Greece, and Poland, for academics, researchers, and developers and it serves as a premier annual international forum to promote the exchange of the latest advances in telecommunication technology and signal processing. The aim of the conference is to bring together both novice and experienced scientists, developers, and specialists, to meet new colleagues, collect new ideas, and establish new cooperation between research groups from universities, research centers, and private sectors from the whole Europe, America, Asia, Australia, and Africa. The international expansion motivates the organizers in their effort to providing a platform for exchanging information and experience to help to improve the level and extent of scientific cooperation between university students, academics, and employees of research centers. We look forward to your innovative contributions in any of the following areas:

### Telecommunications:

- Information Systems
- Network Services
- Network Technologies
- Telecommunication Systems
- Modelling, Simulation and Measurement

### Signal Processing:

- Analog Signal Processing
- Audio, Speech and Language Processing
- Biomedical Signal Processing
- Digital Signal Processing
- Image and Video Signal Processing

*Selected high-quality papers will be invited for publication in international, peer-reviewed journals!*

*Accepted papers in the TSP 2024 will be submitted for inclusion into relevant databases subject to meeting their scope and quality requirements.*
